<b>Qualification – National Certificate: N4 Art and Design</b> <b>Field 02 - Culture and Arts</b>		

### National Certificate: N4 Art and Design

#### Course Information

This part qualification is aimed primarily at giving the learner technical, theoretical knowledge, practical knowledge and workplace knowledge and skills required in their chosen occupational/vocational area.

The design of the part qualification is such that if taken sequentially with related N part courses i.e. N4+N5+N6, it enables learners to progressively obtain the National N Diploma once the required practical work component of either 18 months or two years, as required for the specific occupational area, is completed.

The part qualification as a single entity has value in the workplace as it equips learners with vital knowledge and skills that enable them to be productively employed at entry level positions in an occupation.

The part qualification can be used for updating, upskilling and/or continuing education and training in related occupations.
