

SAQA ID No: 58338	NQF Level: 5	Credits: 240
Qualification – Diploma: Information Technology: Technical		
Learning Programme ID 61692		
Field 10 - Physical, Mathematical, Computer and Life Sciences		

Diploma: Information Technology: Technical

Course Information

The course will provide the students with a solid grounding in the academic theory underpinning the main concepts of the field of Information Technology, the curriculum includes a significant experiential component, culminating in an industry project which forms part of the final year curriculum. Also included in the curriculum are a range of more generalised modules, such as Business English and Introduction to Business Management, which are regarded as essential to competent functioning in today's business environment. Coupled with the curriculum model described above, the classes are small and thus the resulting staff: student ratio makes it possible for students to receive individual and specialised attention.
