National Certificate: Management

Course Information

As a qualification that covers management, it provides a framework for learners to develop competencies that will enable them to become competent junior managers. It introduces some theoretical concepts, requires the application of a limited base of knowledge and requires a well-developed range of skills that will enable learners to be informed workers in their chosen industry. It provides a balanced learning experience that allows flexible access to further education, lifelong learning, higher education and to productive employment in a range of occupational contexts. It provides an opportunity for learners to learn and apply academic skills in relation to management and will provide them with skills to adapt to changes in work procedures and processes in business and industry.
